

MEDITECH USERS NETWORK

DELEGATE
INVITE

MUN Conference 2018

26th & 27th September

Crowne Plaza Hotel, Liverpool

Dear MEDITECH EU Facility Member,

Please find details of the forthcoming MEDITECH Users Network (MUN EU) 2018 event in Liverpool.

The conference provides a wonderful opportunity to learn more about the MEDITECH solution directly through Centennial MIT // MEDITECH representatives and also experience the software/hardware offerings from other vendors which further enhance the use of your MEDITECH system (vendor booths in the exhibition area and vendor presentations included in the agenda).

This year MUN is also delighted to introduce Janet Desroche as a Keynote Speaker to the conference. Janet is an Associate Vice President at Meditech and responsible for the EHR Programs group. Please join us for her address on the morning of day 1.

You will also be able to hear about implementations/solutions at other MEDITECH EU sites, directly from key

project staff, and also through end users. One of the greatest benefits of attending the conference is the excellent opportunity to network with other MEDITECH EU sites & your peers, with the ability to share experiences and ideas.

In addition to the formal agenda, there will also be an opportunity to meet vendors and socialise at the Wine and Canapé Event which will take place at 3:45pm on Wednesday 26th September 2018.

Further networking opportunities will be available during dinner on the first day of the presentation. A three course meal will be served in 30 St James Street in Liverpool.

It is intended that the agenda for both days will be finalised and distributed early September 2018.

Register online at www.meditechusersnetwork.co.uk
Deadline: 5pm Friday 10th August 2018

Keynote Speaker

Janet is currently an Associate Vice President at MEDITECH and responsible for the EHR Programs group. She has been with MEDITECH since 1984.

Janet's passion is working with MEDITECH customers and staff to improve EHR related workflow and outcomes. In her current role, her group focuses on programs that promote using the MEDITECH EHR for operational and clinical excellence through outcomes based toolkits, clinical decision support, best practice driven education and guidance, contemporary training and education approaches, quality and priority event management, clinician targeted content development, optimized workflows and quality improvement related analytics. She also oversees MEDITECH's Clinical Leadership Preparedness Program and MEDITECH's physician consultant program. A cornerstone of the group's work is the EHR Excellence Toolkit program.

Janet began her career MEDITECH as an applications specialist and has over the years worked with both financial and clinical applications. Her background prior to MEDITECH was in teaching and education.

New this year!

Save trees! Digital conference only. Look for the QR code at the conference for a link to the agenda.

Deadline: 5pm Friday 10th August 2018

Registration

Entrance fees are as follows

MEDITECH Facility Member Fee:

£40 for 1 person for 1 day

MEDITECH Facility Member Fee:

£80 for 1 person for both days

Includes Entry, Lunch and Wine & Canapé Event. Fee waived for facility members doing a full presentation.

If you are interested in attending, please highlight this intent to your lead MUN Executive member along with the day(s) you wish to attend (they will be co-ordinating lists of attendees on behalf of respective organisations).

Names will be logged via your MUN lead rep, and these will then communicated to the MUN Conference Organiser. Payment will be processed via the above.

Vendor Competition

A competition for visiting sponsors stands will take place. **3 prizes** of a total value of over **£1000** will be distributed in a raffle.

Spotlight Sessions

After their successful introduction in 2017, MUN is delighted to continue with Spotlight Sessions in the 2018 conference. During those sessions, hospital delegates, Meditech and 3rd party vendors will all join together to share their knowledge and experience around a specific topic. Typically, each Spotlight Session

will last a half day and be composed of presentations from Meditech followed by hospitals and vendors presentations. They will then end on a roundtable discussion with all participants involved (this format may vary slightly depending on the topic).

Spotlight Session Topics

Spotlight Session 1: Interoperability

Discuss all the most recent UK initiatives and Meditech updates about interoperability.

Spotlight Session 2: eChart

A session on the Electronic Medical Record, echart, scanning and archiving and other elements will be discussed to help hospitals towards their paper free goals.

Spotlight Session 3: Bedside care

In this spotlight session we will be looking at all aspects of bedside care, from vital signs to fluid balance. From hardware integration as well as Meditech modules and routines. Come to look at the best stories on how to bring patient care to the bedside.

Spotlight Session 4: Mobility

Meditech now possess a number of tools for mobility we will look at the tools present on all platform such as mobile rounding but will also delve into the brand new web acute and web presentation layer. A deep look at care on the go!

Deadline: 5pm Friday 10th August 2018

Presentation Slots and Competition Entries

As well as attending, you may actually wish to be directly involved in the conference programme itself. Have you implemented something within your MEDITECH solution over the last 12 months which is leading edge and perhaps different to the norm? Have you implemented another vendor solution which has enhanced your use of MEDITECH? Will other sites be able to learn from your hard work, and will this enable others to achieve success through your experiences?

The success of the MUN conference is attributable to every MEDITECH EU facility and its staff reflecting on the successes they have achieved over the last 12 months, and being willing to share those experiences for the benefit of other MEDITECH sites/users, and ultimately patient care.

If you consider that you have done something over the last 12 months which pushes the boundaries, or there is likely to be a significant degree of interest from others (especially International/US MUN sites & colleagues), why not enter it into the **MUN 2018 Competition**.

Presentations slots are either 30 or 60 minutes and any presentation, whether or not they are part of a Spotlight Session, can be a competition entry.

If you wish to conduct a presentation, please complete the relevant sections in the registration form, which can be found on our website www.meditechusersnetwork.co.uk.

Competition entries are judged by an independent panel, and one winner will receive an **all expenses paid trip** to the next **MUSE International Conference**
