

MEDITECH USERS NETWORK

DELEGATE
INVITE

MUN Conference 2019

11th & 12th September
Crowne Plaza Hotel, Liverpool

Dear MEDITECH EU Facility Member,

Please find details of the forthcoming MEDITECH Users Network (MUN EU) 2019 event in Liverpool.

The conference provides a wonderful opportunity for MEDITECH EU users to learn more about the MEDITECH developments, implementations and innovative solutions directly from their peers and have a chance to catch up with how member organisations are using MEDITECH to its best advantage.

Both MEDITECH UK and MEDITECH representatives are attending and will be providing presentations on how to optimise use their solution and also present the future strategic direction.

At the conference there is also an opportunity to talk to other vendors either by visiting vendor booths in the exhibition area or attending vendor presentations as per the agenda.

In addition to the formal agenda, there will also be an opportunity to meet vendors and socialise at the Wine and Canapé Event which will take place on Wednesday 11th September at 4:15 pm.

Further networking opportunities will be available during dinner on the first day of the presentation. A three course meal will be served at Gusto's, Edward Pavilion, Albert dock Liverpool L3 4AF.

Register online at www.meditechusersnetwork.co.uk

Deadline: 5pm Friday 9th August 2019

Keynote Speakers

This year we are delighted to welcome both Geoff Smith VP President Development and Mike Malone Associate VP Client Services as our MEDITECH Keynote Speakers. With over 50 years combined experience at MEDITECH, Geoff is the Vice President of Product Development and Mike is the Associate Vice President of Client Services. Geoff and Mike will explore the latest technologies that are helping EPRs navigate the new healthcare frontier during this session. Attendees will get a closer look at what is trending in healthcare, what is available to support these trends, and the impact these have on consumers, clinicians and patients. Geoff and Mike will also discuss what is on the horizon from a software functionality perspective.

Kate Warriner, Chief Digital and Information Officer at Alder Hey Children's Hospital and Programme Director for the Digital, Cheshire and Merseyside Health and Care Partnership will be our keynote speaker welcoming you to the afternoon of the first day.

Kate stands out as a leader in digital care and innovation by supporting clinically led programmes which are held in high regard nationally and internationally. Kate will be talking about developing clinical roadmaps and sharing her significant achievements with ground breaking results in information sharing, assistive technology and analytics delivering evidenced based patient outcomes leading to improved quality of care.

Deadline: 5pm Friday 9th August 2019

Registration

Entrance fees are as follows

MEDITECH Facility Member Fee:

£30 for 1 person for 1 day

MEDITECH Facility Member Fee:

£60 for 1 person for both days

Includes Entry, Lunch and Wine & Canapé Event. Fee waived for facility members doing a full presentation.

If you are interested in attending, please highlight this intent to your lead MUN Executive member along with the day(s) you wish to attend (they will be co-ordinating lists of attendees on behalf of respective organisations).

Names will be logged via your MUN lead rep, and these will then be communicated to the MUN Conference Organiser. Payment will be processed via the above.

Vendor Competition

A competition for visiting sponsors stands will take place. **3 prizes** of a total value of over **£1000** will be distributed in a raffle.

Presentation Slots and Competition Entries

As well as attending, you may actually wish to be directly involved in the conference programme itself. Have you implemented something within your MEDITECH solution over the last 12 months which is leading edge and perhaps different to the norm? Have you implemented another vendor solution which has enhanced your use of MEDITECH? Will other sites be able to learn from your hard work, and will this enable others to achieve success through your experiences?

The success of the MUN conference is attributable to every MEDITECH EU facility and its staff reflecting on the successes they have achieved over the last 12 months, and being willing to share those experiences for the benefit of other MEDITECH sites/users, and ultimately patient care.

If you consider that you have done something over the last 12 months which pushes the boundaries, or there is likely to be a significant degree of interest from others (especially International/US MUN sites & colleagues), why not enter it into the **MUN 2019 Competition**.

Presentations slots are either 30 or 60 minutes and any presentation, whether or not they are part of a Spotlight Session, can be a competition entry.

If you wish to conduct a presentation, please complete the relevant sections in the registration form, which can be found on our website www.meditechusersnetwork.co.uk.

Competition entries are judged by an independent panel, and one winner will receive an **all expenses paid trip** to the next **MUSE International Conference**

Spotlight Sessions

This year these will focus on Interoperability on the first day and achieving HIMMS on the second day. Vendors are invited to present alongside MEDITECH where their solution can support organisations in achieving those goals.

Venue and Accommodation

Crowne Plaza, Liverpool City Centre, St Nicholas Place,
Princes Dock, Liverpool L3 1QW

Hotel Reservations: **0871 423 4876**

Hotel Front Desk: **+44 151 2438000**
